Category: Philately of Cuba Lottery and gambling is a major source of tax revenues for some states. In April, the Virginia Lottery reported that more than 4.4 million tickets were sold for the Virginia Lotto game in the month of April alone. Today's Lotto game is a relatively new incarnation of an earlier popular game called "Lucky Lotto." The Virginia Lottery operated this game until January 1, 2003. In a typical Lotto game, five (5) prize categories are played. In April, this included five \$500,000 million prizes, three \$100,000 million prizes, three \$50,000 million prizes, and three \$25,000 million prizes. Players select their five (5) winning numbers from a field of forty-five (45). In May 2002, the Virginia Lottery introduced a new Lotto game, called the "Virginia Cash 5" game. This game uses a five digit

prize map with two zeros in the game: \$1,000,000 to five (5) winners, \$25,000 to four (4) winners, \$10,000 to three (3) winners, \$5,000 to two (2) winners, and \$2,000 to one (1) winner. Each winning ticket is worth \$1,000,000, \$25,000, \$10,000, \$5,000, \$2,000, and \$1,000, respectively, for a total of \$50,000,000 in prizes for the nine (9) winning numbers. Once again, only “5” numbers are needed to win. Accordingly, there is a need to provide alternative games that are of interest to a wider audience of players, particularly players of relatively lower winning potential, e.g., players who have played a game such as Virginia Cash 5. The alternate game must be relatively inexpensive to manufacture and must be simple to play.structures were rebuilt to allow for visiting by the R.V. Dolphin in the summer of 2013. During this time we were assisted by a cooperative group of volunteers with backgrounds in

the field of Ecology and/or Boatbuilding (i.e. George Stephens, Jay Howarth, Michael Byrnes, Bob Grubbs, John Gardner, and Roger Foster) as well as by professional mechanics (i.e. Dick Vandenburg, Dan Kreutzer, Bill Menton, Bob Sampsell, Chris Bevan
