THE VERDICT Starfighter X is a fun space shooter that will be a blast for any space combat fan. 2 Some praise for Starfighter X A fairly competent space shooter featuring a number of fun features. Not perfect by any means, but worth your time if you're looking for something that's a little different. The Bad Balance While Starfighter X contains a decent amount of customization, it's hard to tell exactly how it all works out. There's still some tweaking that needs to be done. The Verdict Starfighter X is well done, but it lacks stability. Aside from that, it is a blast to play, has some depth, and will provide a good amount of enjoyment. 2 A great space shooter A fun game that can provide some good fun if you're not looking for a lengthy campaign. THE GOOD / THE BAD The Good Balance Starfighter X focuses on a the various components of single and multi-player games that makes it challenging, but not impossible to pick up and play. The Bad Music If you are a fan of orchestral music, you might not be pleased with the soundtrack you'll be hearing. There is a list of good tracks, but there are also some bad ones as well. THE VERDICT Starfighter X is fun, challenging and can be highly rewarding. The only problem with the game is the music. 2 Space combat goodness! A stellar space shooter that's simple to play, yet difficult to master. THE GOOD / THE BAD The Good Balance Starfighter X has a

Three days after his birth, Dimitri was taken and turned into a Vampire. He lived in hiding and there was no one to stand by his side. **What's new in Elmo's Kangaroo Of The Damned: PUNISHMENT EDITION:**

vi Storynthvi is an American singer and songwriter from New York City. She came to prominence through her two 2014 EPs, 'Undo' and 'Pressure.' The former was touted by pop publication Rolling Stone as "the song that finally puts her in that conversation with indie darlings like Grimes, Phoebe Zimmer Carter, Drea Maddox, and Imperial Teen's Sara Bareilles." The latter was a mixed blessing for Storynthvi, as Rolling Stone declared it a good but "curiously fixated" effort. Storynthvi has toured the US and UK as a headlining artist, opening for (female-led and female-fronted) acts such as Dream Wife, Danielson, Darling Moses, and Downtown Boys. She was chosen over more-established acts such as Greta Salter and ("a very talented new artist") Alexa Goddard. Early life Storynthvi, born Dawn Pueschel, grew up in Toronto, Canada and Orlando, Florida, the daughter of a singer/songwriter father and mother who were professors at Belmont University. She writes, performs, and recorded music while at the University of Florida. Storynthvi moved to New York City in 2013 to support herself as a musician. Storynthvi developed her guitar skills at Blue Highways Music in Orlando with the aim of becoming a guitarist and, in the words of MusicRadar, she "was some sort of guitar prodigy." She moved to New York where she enrolled at the Clive Davis Institute at NPR, from whom she received an Apprenticeship in American Rhythm and Blues. Her first year of studies "made her realize that her primary focus would be songwriting." Career In May 2014, Storynthvi released her first two EPs under her own name, 'Undo' and 'Pressure.' At the time, other major music publication such as Billboard and Alternative Press considered her "the best new lo-fi storyteller to hit No Label since Lorde last year." In 2014, Storynthvi opened for The Summer Set in Austin, Texas, drawing favorable comparisons to Sara Bareilles, and Sara Bareilles' songwriters, Brie Farmer and Ryan Tedder. Rolling Stone described Storynthvi's pure pop sound as "an indie darlings hybrid." She collaborated with Josh Cox to create the synth lines, hard punchy drums, and guitar lines on 2014's
